

Art Lighting Production GHR series

Fixture of a die cast aluminum construction with Fresnel's lens intended for scene illumination with very soft edged beam. The fixture enables continuous regulation of the beam size. The fixture is intended for soft scene and person illumination from the auditorium to the stage. Part of the delivery is a gel frame and the power cord with plug.

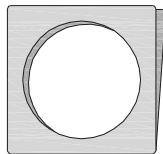

PROFESSIONAL FRESNEL'S HALOGEN FIXTURE 500/650 - 1000/1200 - 2000 W
