

RAPTUS™

code W350

A user-friendly unit designed and built for club and mobile disco applications. Thanks to its 2 fast-moving mirrors, this sturdy compact unit creates a fascinating twin effect covering a wide area.

Fitted with built-in electronics, the Raptus rotates its beams in sync with the music and colors them continually with its built-in colorchanger's high quality dichroic filters.

Safety devices

- Manufactured to CE norms
- Power cut-off in the event of over-heating
- Forced ventilation via double axial fan
- Full mirror support
- CEI 20/22 power cable
- Protection Range: IP 20

Construction

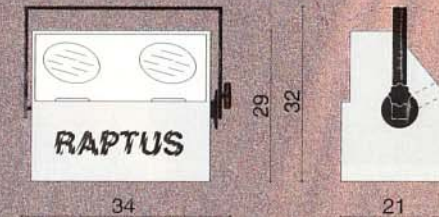

- Metal body with black powder finish
- Mounted with adjustable steel bracket
